

### Maths

In Maths we will be continuing our learning on length and perimeter. We will then be moving on to look at multiplication and division.

### French

Children will learn to talk about the items in a pencil case. They will then move on to learning about a French festival and Christmas

### Computing

In Computing, we will be learning how to use freeze frames to create digital media in the form of animations.

### PE

In PE this term we will be working on our fitness and dancing skills.

### Music

Children will create soundscapes based on mountains.

### RSHE

Children will learn about how rules can help make the world fair and how they are part of a community and who is in their community. We will then look at how we can help the people around us.

# Sycamore Class

Autumn 2

### Design Technology

Children will explore mechanisms such as levers and develop an understanding of the input, process and output. They will then apply this knowledge to creating their own.

### RE

We will be learning about Hindu's in RE. What is important to them, how they show their faith and who is Mahatma Gandhi.

### Geography

Children will explore mountains, volcanoes and earthquakes. Looking into what causes them, how they are made and the damage that they can cause.

### English

In English we will be reading the book *The Day I Fell Into a Fairy Tale*. We will then be writing a narrative and producing a piece of poetry from our reading.

### Science

In science, we will be building on our learning of life cycles and developing our understanding of what the different parts of a plant do, how new plants are made and how to care for plants.
