

## Maths

In Maths we will be continuing our learning on multiplication and division. We will then apply our learning to statistics and fractions.

## Computing

Children will explore the concept of sequencing in programming by using Scratch. They will work towards the final project of creating a representation of a piano.

## English

In English we will be reading the book *The Last Bear* by Hannah Gold. We will use this book to produce a piece of persuasive writing and a non-chronological report.

## RSHE

Children will explore and discuss 3 key questions this term. How do I manage my feelings, How do I keep my body healthy and How do I get a healthy diet?

## Art and Design

In Art, we will be looking at the artist Vincent Van Gogh. Children will work to produce a painting around the theme of plants.

# Sycamore Class

Spring 1

## R.E.

In R.E, children will be looking at the ways that Jesus inspired people in the past and continues to today.

## PE

This term in PE children will be learning Gymnastics skills such as balances, traveling and jumps. They will join these skills together to create a sequence. In basketball, children will learn ball skills alongside attacking and defending.

## Geography

Children will recall the locational knowledge of countries within the UK alongside looking at other major countries in each continent. We will be looking at the longest rivers, tallest mountains and tallest buildings.

## Science

Children will be continuing their learning on forces, looking at push and pull forces. They will study magnets and the forces they create. We will also be using this as an opportunity for investigation.

## French

In French, children will learn basic classroom language, animals, colours and shapes.
