Design a Garden Competition

We asked the children to design a garden for our new sensory garden. There were 2 winning designs and each child received an Amazon gift voucher.

Our Garden Dream

As a school PTA we are so happy to be working alongside the School Council and pupils in school to raise funds for our ongoing garden project. It is our aim to create a sustainable sensory garden for all our children to enjoy. The garden will provide physical, mental and emotional benefits for all our children.

Thank you SO much to all our parents for your valuable support without you none of this could happen.
