

English

Write a Remembrance Day poem.

AND

Research the Amazon Rainforest and create a fact file. This will be used to support your writing based on 'The Explorer' by Katherine Rundell.

Maths

- 1) Please ensure you are regularly going onto TTRS to keep up your times tables knowledge and speed—I will be checking!
- 2) Occasionally, I will be sending home a maths worksheet, containing an array of different maths questions for you to complete.

Reading

Each week, read a book **at least** 3 times and record this in your planner.

As always, I would love to know about a book you are reading or have recently read. Please can you write a detailed book review, so we can display them in class or in our new Library.

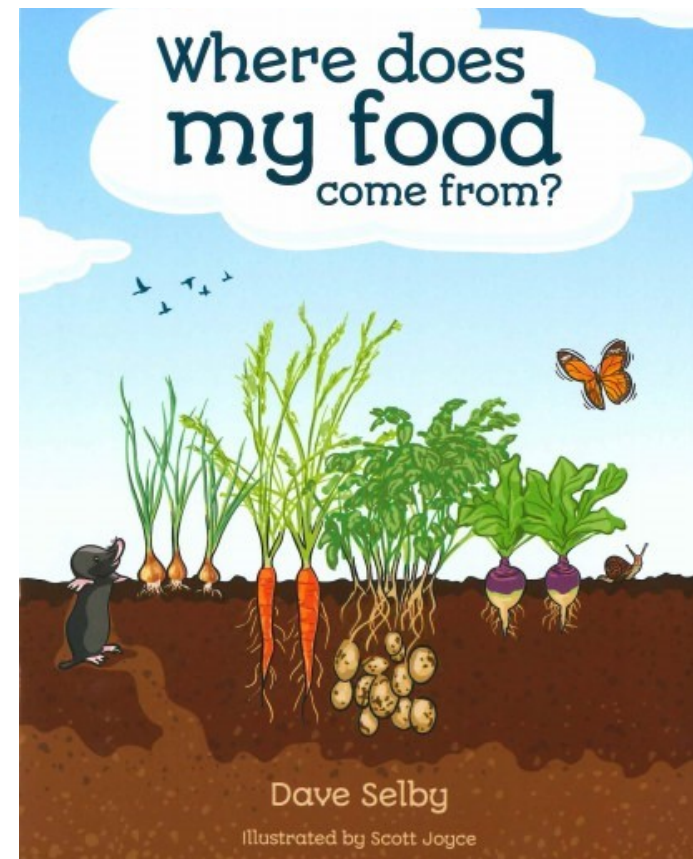

Geography

Where does my food come from?

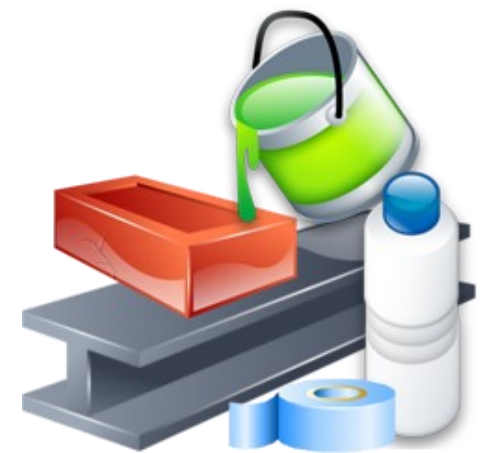

Using a map of the world research where 10 of your favourite foods or meals originate from.

Using a ruler, show me their origin on your map.

Science

Create a JavaScript must be thought shower, thinking about all of the different materials you have in your home. Identify at least 5 of these. What properties do they hold? Also, can these same materials be used for something else? The more details you can provide, the better :)

Project (this is an optional piece of work)

Remembrance Poppies.

Using a range of materials can you make a Poppy for Remembrance Day? We will add this to a class collage for display. It would be great if this could be the first piece of homework you complete :)

<https://www.bakerross.co.uk/craft-ideas/category/kids/themes/poppy/>

Autumn 2

Where does my food come from?

Please complete **one** of these activities **each week** and ensure, where possible, your homework is logged in your homework book and returned to school by **Wednesday** each week.

Computing

Using your research skills find out as much information as you can about British Farming and the process that happens. How does it get from the fields, to our plates?

Can you put all of this information into a short leaflet?
