

Modern Foreign Languages - French

Our Curriculum Drivers

Love Reading

World Citizens

Be Aspirational

Love Reading

Throughout all lessons within our French curriculum, children will be encouraged to read in the new language they are learning. This will progress from reading single words into phrases, and from phrases into short paragraphs.

World Citizens

At Temple Normanton Junior Academy we believe that learning a new language is an important life-skill for children which helps them to develop cultural awareness, curiosity, tolerance and respect for many different languages that are spoken in the world. We believe that through learning French, pupils' confidence in languages and their understanding of different cultures will grow.

Be Aspirational

Our French curriculum covers a wide range of vocabulary and conversational material. Children are expected to apply their learning to hold conversations, write letters and apply their learning to the real world.
