Striving for **Excellence**
Empowering Achievement
Shaping **Learning**

Dear Parents and Carers

Due to the amber warning for high temperatures this week, we will be implementing a PE kit policy to allow children to wear lighter, more comfortable clothing. This arrangement will be reviewed daily in accordance with weather forecasts, and we will notify you each day about the following day's arrangements.

While children will be wearing PE kit during this period, it's essential that clothing still protects your child from the sun. Please ensure:

Children should wear:

- **School PE kit only** (t-shirt and shorts)
- Trainers or plimsolls
- Sun hats or caps

To keep your child safe and comfortable during the hot weather, please help us by:

At home:

- Applying once-a-day sun cream before school where possible
- Sending your child with a clearly labelled sun hat or cap
- Ensuring your child brings a filled water bottle to school each day

At school:

- Children will need to apply their own sun cream during the school day if required. Please ensure they know how to do this and that any sun cream sent in is clearly labelled with their name
- We will ensure children spend time in shaded areas where possible
- Staff will encourage regular water breaks throughout the day
- Outdoor activities may be adapted or shortened to avoid the hottest parts of the day

Please remind your child about the importance of drinking water regularly throughout the day, especially during hot weather. Water bottles can be refilled at school. Thank you for your support in keeping our children safe and comfortable during this period of hot weather.
